

Last year 2020 we faced different challenges. COVID-19 being the world wide pandemic, in Kilimanjaro especially areas served by HuYaMwi were affected by floods which leaves people with no food, some families lost their residence, and some infrastructure were destroyed. Parishes effected with flood were; Mwangaria, Msaranga, Majengo, Uchira and Msitu wa Tembo, Nomeuti, Lowiri, Magadini, Kyomu, Kikavu Chini, and Kia.

After this disaster many families loose hope of life because they have no food because was taken by floods, no where to sleep because houses were destroyed by floods no movement due to the fact that the roads were flooded, also the fields were flooded and some washed away so food security was in question. HuYaMwi intervine the situation through the great support from MeWaiKi and Leipzig Mission. The support brings hope and meaning of life to all who were affected by floods, they experience love of God in action On behalf of all people affected by floods and all church communities HuYaMwi would like to convey gratitudes to all who were involved to serve them on the of need. Mathew 25:40b, *"In as much as you have done it one of the least of these my brethern you have done it on to me"*.
