

# SAD PICTURES STORY

*About* HUNGER IN KIA AREA

**HuYaMwi**  
March 2022

**Deacon Mori and the Pastors sat together to discuss the famine that hit their community**

**Huyamwi staff in collaboration with the pastors of the affected parishes, and deacons serving in the provinces visits to see the need.**

**Many people's health weakened due to starvation**

**Unfortunately the livestock died of severe drought**

Now.....

# HOPE AND COMFORT

Hon. Bishop Dr. Fredrick Shoo officially launching the food distribution program organized by Huyamwi with support from MeWaiki through Mission One World.

The food distribution exercise continued on a specific schedule to ensure that everyone gets what they need. The food distributed was maize, beans and bananas.

Support from our partners and internal contribution brought hope and comfort to the people

The farm was well prepared for the cultivation of food crops to avoid starvation

HuYaMwi in collaboration with the people of the affected areas agreed to cultivate the fields and HuYaMwi was able to provide them with corn seeds for planting. Deacon Bariki Mlaki was involved in providing seeds to people

HuYaMwi staff were able to organize seminars for people affected by the drought, the seminar was about food security, climate change and how to take care of environment to avoid drought and famine
