

HuYaMwi

ORPHAN MINISTRY MWIKA

**ANNUAL
REPORT
2025**

INTRODUCTION

HUYAMWI, a ministry under the Lutheran Bible School in Kilimanjaro, Tanzania, is dedicated to supporting orphaned children and equipping them with the foundation for a secure and dignified future. The ministry delivers holistic services that incorporate education, health support, economic empowerment, psychosocial care, and strong community engagement.

Its work is implemented through seven core programs: the Medical Fund, the Education Pool System for school-fee support, Small Income-Generating Projects to enhance self-reliance, structured Orphans' Meetings, life-skill Seminars, Building Support for improved living conditions, and personalized Home Visits.

This picture report summarizes HuYaMwi's key activities and achievements for 2025, presenting visual evidence of progress and meaningful transformation in the lives of the children served. The report underscores the ministry's commitment to accountability, transparency, and impact-driven service.

EDUCATION POOL SYSTEM

Secondary school students supported through HuYaMwi's Education Pool System

The Education Pool System remains a strategic cost-sharing mechanism designed to expand access to education for orphans and vulnerable children across primary, secondary, and vocational levels. In 2025, the program continued to reduce financial barriers by contributing to school fees and essential learning requirements, thereby strengthening continuity in children's educational journeys. Through collaborative support and improved resource mobilization, the initiative enabled beneficiaries to remain in school, progress academically, and build a stronger foundation for future opportunities.

VOCATIONAL TRAINING PROGRAM

The photograph shows beneficiaries of HuYaMwi's 2025 Vocational Training Program. Through this initiative, HuYaMwi provided support with training costs, mentorship, and ongoing guidance, enabling the students to complete courses in various technical fields. The program equips vulnerable youth with practical skills, fostering self-reliance, confidence, and opportunities for sustainable employment, reflecting HuYaMwi's commitment to empowering young people for a brighter future.

Celebrating the achievements of HuYaMwi's 2025 vocational graduates at Hai Technical Training Center, empowered for a brighter future.

Honoring HuYaMwi's 2025 graduates at Ngaruma Vocational Training Center, equipped with skills and ready for new opportunities."

The photograph features the new cohort of students selected for HuYaMwi's 2026 Vocational Training Program. These beneficiaries are preparing to begin studies in various technical fields at different Technical Training Centres, marking the start of their journey toward skills development and future economic empowerment. HuYaMwi appeals for support and contributions to help cover training costs and ensure that these vulnerable youth can successfully complete their programs and gain the skills needed for a brighter future.

ORPHAN'S MONTHLY MEETINGS

In 2025, HuYaMwi's Regular Orphans' Meetings continued to provide a supportive platform for orphans to engage in Bible study and receive emotional and social guidance. The meetings fostered connection, empowerment, and personal growth, enabling children to build strong peer relationships and a sense of community. Discussions on education, health, and life skills ensured that participants received practical guidance and encouragement to thrive in their daily lives.

Some orphans arrive at meetings carrying the sadness from home. HuYaMwi staff ensure they engage in conversations during the sessions to help them to be normal

The orphans youth were very eager to listen to our guests

HOME VISITS PROGRAM

In 2025, HuYaMwi's Home Visits program continued to deliver personalized support to orphans, widows, and vulnerable families by conducting regular visits to assess living conditions, health, and overall well-being. The program strengthened community relationships, provided guidance and counseling, and ensured that beneficiaries had timely access to essential resources, reinforcing HuYaMwi's commitment to holistic care and sustained impact.

BUILDING FUND

In 2025, HuYaMwi's Building Fund Program continued to improve the living conditions of orphans, widows, and vulnerable families by providing financial and material support for the construction and renovation of homes and community facilities. The program focused on creating safe, healthy, and functional spaces that enhance the overall well-being of beneficiaries. Through collaborative efforts and community engagement, the initiative contributed to stronger, more supportive living environments, reflecting HuYaMwi's commitment to holistic care and sustainable development.

Before

After

Before and after: Mrs. Tikisankira Mwanga's home, improved through HuYaMwi's 2025 Building Fund Program

Guests visited the home of a beneficiary in need of housing support, while construction of the new house was underway, with community members actively helping to lay the foundation

The 2025 HuYaMwi programs positively impacted orphans, widows, and vulnerable families through education, vocational training, Visitations and building support.

The photograph of guests with the HuYaMwi team highlights the collaboration and commitment that drive the ministry's mission to empower communities and create opportunities for orphans and poor families.

We would like to convey our gratitude to Mewaiki, Memmingen church district, Bavarian Lutheran Church and every individual who give support to our ministry and make orphans , widows and poor families smile and experience the love of God in practical.

May God bless you all
